

Dear NF IP participants,

here is some information regarding the NGOs we were in contact with prior to the IP in Szeged:

borderline-europe Menschenrechte ohne Grenzen e.V. is an NGO which cooperates with local and European NGOs in order to facilitate networking opportunities on an international level regarding various humanitarian issues. Furthermore, the organisation organises events that promote critical engagement with humanitarian issues in order to educate the public. For additional information visit their website: <http://www.borderline-europe.de/?l=en> (last access: 18th of July 2017)

Warmest wishes and viele Grüße,

NF IP Berlin participants
