

Dobrý den everyone,

In connection to our NGO internship presentation on Friday, here are links and the people who you can address in case of any questions:

- [Encyclopedia of Migration](#), organized by the [Student Solidarity Movement](#) at Charles University. The Encyclopedia contains entries by students, lecturers and experts and is aimed to educate about the migration crisis both current and past as well as provide personal accounts of refugees. Its Czech version is used already as part of high school and university curriculum. The interactive map helps navigation on the site. Anna Hupcejová and Martin Sedláček helped translate several documents that will appear in autumn 2017.
- [Event](#) about volunteering in Africa attended by Jan Zikmund.
- [Panel discussion](#) with medicine students from the Middle East where Anna Ohlídalová provided simultaneous translation.
- [Forum 2000](#) – Czech non-profit organization that organizes events (lectures, workshops, NGO markets) to improve mutual understanding and inform of human rights. Anna Hupcejová helped organize the [NGO Market 2017](#).

New Faces IP student participants from Charles University in Prague
